CAREER OBJECTIVE

A motivated and detail-oriented **Full-Stack Developer with 6 months of professional experience at Samuel Gnanam IT Center**, where I gained hands-on experience in developing and maintaining full-stack web applications. Skilled in frontend and backend development, database design, and building responsive, user-focused applications using modern web technologies. Currently pursuing a part-time BSc (Hons) in Computer Science specializing in Software Engineering, while actively seeking a Full-Stack Developer position to apply my technical skills, contribute to real-world projects, and continue growing as a software engineer within a collaborative development team.

EDUCATION

BSc (Hons) in Computer Science in Software Engineering Currently Pursuing | Part-Time
2026-2027

British College of Applied Studies (BCAS-Colombo)

Goldsmiths, University of London

BTEC Higher National Diploma — Computing
2022 – 2024

British College of Applied Studies (BCAS-Jaffna)

Specialisation in Software Engineering. Covered software development lifecycle, object-oriented programming, database management, and web application development.

Certificate in PC Applications
2019-2019

DMI Computer Education

G.C.E. Advanced Level — Arts Stream
2021 (2022)

KN/Kilinochchi Maha Vidyalayam, Kilinochchi

G.C.E. Ordinary Level
2013-2019

KN/Kilinochchi Maha Vidyalayam, Kilinochchi

EXPERIENCE

Full-Stack Developer

6 Months

Samuvel Gnanam IT Center

Developed and maintained full-stack web applications as part of a software development team, with hands-on experience in relational database design, development, and data management. Developed a Defect Tracker System as a 3-month project using Spring Boot for backend REST APIs and React for the frontend, including frontend-backend API integration and data communication. Performed QA testing, debugging, defect identification, and troubleshooting to ensure application quality and reliability. Also developed web applications with both frontend and backend components, implementing business functionality and API integration. Developed a mobile application using React Native, integrated backend services and APIs, and assisted with application deployment. Gained practical experience across the full software development lifecycle, including development, database management, API integration, testing, debugging, and deployment.

PROJECTS

Employee & Student Management System (ESMS)

A Java-based desktop application for managing employee and student records with CRUD operations, search functionality, and a MySQL backend. Focused on structured data entry and efficient record retrieval.

↗ **https://github.com/kumarasooriyanthanugika-coder/ESMS**

Hospital Management System (HMS)

A comprehensive system to manage patient registrations, appointments, doctor scheduling, and billing. Built with Java and MySQL with a focus on usability and data integrity.

↗ **https://github.com/kumarasooriyanthanugika-coder/HMS**

Banking Management System (BMS)

Created a secure banking simulation app supporting core operations like account creation, secure deposits, withdrawals, and transaction history tracking.Java, Object-Oriented Programming (OOP), MySQL.

↗ **https://github.com/kumarasooriyanthanugika-coder/BMS**

BakerBest Bakery Management System (BB)

Built a web-based platform for a bakery shop to manage product ordering, menu categorization, fresh stock tracking, and customer billing workflows.HTML5, CSS3, JavaScript, Backend Database.

↗ **https://github.com/kumarasooriyanthanugika-coder/BB**

Defect Tracker System

Developed a full-stack defect management application using React for the frontend and Spring Boot for backend REST APIs. Implemented defect lifecycle tracking, project and release management, module and submodule management, defect filtering and search, input validation, and an interactive dashboard. Integrated the frontend with REST APIs and performed QA testing, debugging, and defect resolution.

Technologies: React, Spring Boot, REST API, Java, Database

TECHNICAL SKILLS

LANGUAGES

Java | JavaScript | HTML5 | CSS3 | SQL | React | React Native

DATABASE

MySQL | DB Design

TOOLS & PLATFORMS

GitHub | VS Code | NetBeans | Figma

PROFESSIONAL SKILLS

- Analytical Problem-Solving
- Team Collaboration
- Leadership Initiative
- Time Management
- Critical Thinking
- Written & Verbal Communication

LANGUAGES

Tamil
Native

English
Professional

Sinhala
Conversational
